HIPAA Security Rule: A Long Term Care Manual

RESOURCES

From the authors of OHCA's and AHCA's **HIPAA Privacy Rule** manuals for nursing facilities, assisted living communities and ICFs/MR, OHCA is pleased to now bring you the next generation of HIPAA support. Introducing the **HIPAA Security Rule: A Long Term Care Manual**.

Long term care providers that were required to comply with the HIPAA Privacy Rule must now comply with the HIPAA Security Rule by no later than April 20, 2005. Compliance requires adopting certain administrative, physical and technical safeguards in order to protect the confidentiality, integrity and availability of electronic health information.

HIPAA Security Rule: A Long Term Care Manual provides: an excellent overview of the Security Rule's requirements in terms that all providers can understand, a common sense way to approach the Rule, numerous resources that can be used by providers in achieving compliance, and much more!
